

How to log in

Logging in for the first time

You will have received two letters providing your **user ID**, your initial **PIN** and an **RSA SecurID token** which generates token codes.

Visit <https://www.cazenovecapital.com/login>, enter your security credentials and click the 'Log in' button.

Once you have successfully entered your security credentials for the first time, you will be asked to change your PIN immediately. Your new PIN must be a minimum of 4 and a maximum of 8 numbers long.
